- Easy access to contents for independent learning
- Strong powder coated steel trolleys
- Flat magnetic sides
- Ideal for use in primary classrooms
- Trays are 100% recyclable

Our Callero range sets a new standard for school storage. A flexible range of modular units, you can choose the solution that works best for you. With space at a premium and classroom numbers increasing, Callero's ever-adaptable storage is here to solve all your needs.

The innovative lightweight frame and StopSafe™ runners make it safe and easy for students to move and access resources, without adult support, allowing pupils to be active in setting up their own or group work. Our StopSafe™ solution reduces the risk of trays being pulled out too far – and contents spilling out onto the floor. Tray clips, supplied with every Callero unit, can be fitted to the back of each tray allowing trays to only be pulled to a certain length.

TRANSPORT, PROTECT & ORGANISE

- Supplied with larger, more robust castors
- Curved, ergonomic handles with no sharp edges
- Suitable for secondary school environments
- Strong powder coated steel silver frames
- Trays are 100% recyclable
- StopSafe runners for safe access to contents

Our Callero Plus range sets a new standard for school storage, with even more safety measures. With larger braking casters than our classic Callero range, the units are even more secure for both educators and students alike, making them perfect for science storage.

Our Callero Plus range, as well as aiding educators, encourages children to get involved and meets the needs of every child in your class to stretch and support both independent and collaborative learning. The innovative lightweight frame, StopSafe™ runners and robust castors make it safe and easy for students to move and access resources, without adult support, allowing pupils to be active in setting up their own or group work.

CALLERO SHIELD

Antimicrobial coating

Sturdy, powder-coated, hard-wearing steel

100% recyclable

Braked castors to secure position

Supplied with feet for static option

Time-saving

Easy access

Rounded corners for enhanced safety

StopSafe runners for safe access to resources

- Antimicrobial frame and trays treated with BioCote®
- Antimicrobial trays are 100% recyclable
- Ergonomic handles with no sharp edges
- Sturdy steel frames StopSafe runners for easy access to contents and extra safety
- Braked large castors to secure position

Our Callero Shield range is treated with BioCote® antimicrobial coating, offering built-in defence against viruses and bacteria. This gives you permanent, round-the-clock protection from unseen microbes.

BioCote® antimicrobial additive provides the ultimate surface protection against microbes such as bacteria and mould, creating more hygienic products with an extended functional lifetime. As with classic Callero items, all runners can be reconfigured easily to house a range of tray heights ensuring your storage remains adaptable year after year. With large robust castors, ergonomic handles and a lightweight frame, trolleys can be moved with ease, while frames offer maximum capacity over a small footprint.

- Curved ergonomic handles
- Ideal for student led learning
- StopSafe runners for added safety
- Large castors with brakes for ease of postioning
- Easy to access contents

Optimise your creative space with versatile and easily accessible storage, promoting hands-on learning and collaborative projects.

Children enjoy carrying out hands-on, practical tasks. Whether this be STEAM, art or another type of creative activity, children need to have adequate space and access to resources to allow them to successfully complete projects. Low level units with workstations offer a dedicated space to work while having plenty of storage space close by. We've got the ideal solution with our maker and STEAM trolleys for hands-on practical activities and storage.

◆ If the trolley is fitted with feet, please be aware that the overall height, width and depth will decrease by 55mm, 35mm and 15mm.

CALLERO CUSTOM

CREATE, ADAPT & GROW

Sturdy, powder-coated, hard-wearing steel	100% recyclable	Supplied with feet for static option	Time-saving	Easy access	Rounded corners for enhanced safety	StopSafe runners for safe access to resources

- Modular units expand to fit your space
- High density storage solutions
- Sturdy frames with powder coated steel
- Egronomic curved steel with no sharp edges
- Available in different heights
- Supplied with StopSafe runners for added safety

Whether for a small corner or an entire wall, Callero Custom is the storage solution that can be tailored to any needs and integrated into a space faster than other built-in customisable storage solutions.

The Callero Custom storage frame is unique in having a complete absence of sharp edges or angles, ensuring extra safety around children. It comes with StopSafe runners which further increase safety by ensuring that the trays can only be pulled out to a certain distance preventing accidents and injuries whilst promoting student independence.
