

Gratnells

EARLY
YEARS

TECHNICAL INFORMATION

The Gratnells Early Years range with three innovative products – Exploration Circle, Sit 'n' Store and ToyTidy.

Our Exploration Circle is an award-winning pre-school resource that’s perfect for indoor and outside use, especially messy play, while promoting independent and collaborative learning.

Exploration Table 4 Quadrant Trays

Product code	Q02CIRCLE
Dimensions	H480x W920 x D920mm
Product weight	10.4kg
Capacity Tray	5kg

A set of four colourful and tough Gratnells school trays housed within four silver powdered steel stands which can be clipped together in a circle or in a line, the Exploration Circle is designed for schools and nurseries but is ideal for home use too.

Perfect for sand and water play, mud kitchens, forest school, sensory play and everything in between, the four quadrant trays in bright red, blue, green and yellow provide a great resource when introducing STEM in early years and primary education.

The tray stands can be used in a circle, as individual units or even in a snake formation to promote independent or collaborative learning.

Why not combine storage and seating with a Sit 'n' Store?
 These Jumbo Gratnells trays are perfect for holding a variety of large and small items, complete with a clip-on seat for incredible space saving. Sit 'n' Store is great for story time at your book corner or sitting in the art and craft area. And when your activity is finished, all the materials can be tucked safely inside.
It's an unbeatable use of space.

It's big, it's mobile and it's just what you need for storing books, toys and other large items. The Gratnells ToyTidy® is a Jumbo Tray with Cheery Bear stickers and castors for flexible storage. Children can simply pull the ToyTidy® to their play or learning area, easily tidy up and store it back again at the end. ToyTidy® makes organising fun. Wheel it out and it's ready for work.
